

JOHN ANTONY

SENIOR QA TEST AUTOMATION ENGINEER

SUMMARY

- Experienced QA Test Automation Engineer with a strong background in designing and implementing automated UI validation tests and tools.
- At Columbia Sportswear, led the development of a Playwright comprehensive regression test suite, executing over 3,000 automated tests daily across 96 websites.
- Proactively identified hundreds of software and content defects per year, significantly enhancing release reliability and customer satisfaction.
- Passionate about leveraging software engineering skills to develop effective automated tests and drive process improvements.
- Seeking continued QA Test Automation opportunities in Node.js and Playwright-based test automation.

PROFESSIONAL EXPERIENCE

COLUMBIA SPORTSWEAR - OUTDOOR APPAREL Senior QA Automation Engineer

Portland, OR
04/2015-Present

- Developed robust end-to-end UI automation frameworks and test suites to validate eCommerce website functionality, ensuring high-quality user experiences.
- Built additional tools for API testing, SEO change tracking, analytics tag verification, and automated screenshot capture to enhance testing coverage and site monitoring.
- Designed and implemented dashboards and Slack alerting systems to provide real-time visibility into test results and quickly surface critical issues.
- Integrated regression test suites into CircleCI pipelines, enabling both on-demand execution via API and scheduled runs through cron jobs, ensuring test results are available at the start of each workday.

GRASS VALLEY – BROADCAST TELEVISION SYSTEMS Senior Software Engineer

Beaverton, OR
12/2003-05/2014

- Developed a .NET API for a broadcast video recorder system.
- Created a testing & scripting system for in-house developers and the QA team.

CONDUCTIVE TECHNOLOGY – TRAVEL WEB DEVELOPMENT Software Engineer

Portland, OR
12/1997-09/2002

- Created a flight shipping website with dynamic UI page updates so customers could quickly determine the cheapest flight shipping options for their needs.
- Created one of the first website flight seat selection applets in Java. A full-page ad highlighted this new functionality in "American Way" in-flight magazine.

EDUCATION

UNIVERSITY OF MIAMI Master of Science in Audio Engineering

Miami, FL
May 1995

SOUTHERN METHODIST UNIVERSITY Bachelor of Science in Electrical Engineering

Dallas, TX
May 1990
