JOHN ANTONY

SENIOR QA TEST AUTOMATION ENGINEER

SUMMARY

- Experienced Senior QA Test Automation Engineer with a strong background in designing and implementing automated UI validation tests and tools.

- Led a QE test automation team at Columbia Sportswear. Developed several test automation frameworks (Playwright, TestCafe, Nightwatch) for comprehensive regression test suites executing over 3000 daily automated tests across 96 international websites.

- Proactively identified hundreds of software and content defects per year (Jira tickets), significantly enhancing releases, website reliability, and customer satisfaction.

- Passionate about leveraging my software engineering skills to develop effective automated tests and drive process improvements.

PROFESSIONAL EXPERIENCE

COLUMBIA SPORTSWEAR - OUTDOOR APPAREL　　　　　　　**Portland, OR**
Senior QA Automation Engineer　　　　　　　　　　　**04/2015-Present**

- Developed robust end-to-end UI automation frameworks and test suites to validate eCommerce website functionality, ensuring high-quality user experiences.

- Built additional tools for API testing, SEO change tracking, analytics tag verification, and automated screenshot captures to enhance testing coverage and site monitoring.

- Designed and implemented dashboards and Slack alerting systems to provide real-time visibility into test results and quickly surfaced critical issues.

- Integrated regression test suites into CircleCI pipelines, enabling both on-demand execution via API and scheduled runs via cron jobs, ensuring test results are available at the start of each workday.

GRASS VALLEY – BROADCAST TELEVISION SYSTEMS　　　**Beaverton, OR**
Senior Software Engineer　　　　　　　　　　　　　**12/2003-05/2014**

- Developed a .NET API for a broadcast video recorder system.
- Created a testing & scripting system for in-house developers and the QA team.

CONDUCIVE TECHNOLOGY – TRAVEL WEB DEVELOPMENT　　**Portland, OR**
Software Engineer　　　　　　　　　　　　　　　　**12/1997-09/2002**

- Created a flight shipping website with dynamic UI page updates so customers could quickly determine the cheapest flight shipping options for their needs.
- Created one of the first website flight seat selection applets in Java. A full-page ad highlighted this new functionality in "American Way' in-flight magazine.

EDUCATION

UNIVERSITY OF MIAMI　　　　　　　　　　　　　　**Miami, FL**
Master of Science in Audio Engineering　　　　　　**May 1995**

SOUTHERN METHODIST UNIVERSITY　　　　　　　　　**Dallas, TX**
Bachelor of Science in Electrical Engineering　　**May 1990**
